DETAILED ACTION

Request for Continued Examination

Applicant's Request for Continued Examination filed on 6/10/2004, for consideration the submitted Information Disclosure Statement, has been considered and entered.

Specification

The lengthy specification has not been checked to the extent necessary to determine the presence of all possible minor errors. Applicant's cooperation is requested in correcting any errors of which applicant may become aware in the specification.

Allowable Subject Matter

Claims 1-24 are allowable.

The following is an examiner's statement of reasons for allowance: Claims 1-24 are allowed over the prior art of record. The prior art fails to teach or suggest an apparatus and method for digital to analog signal processing system with baseband noise reduction that implement a technique of integrating a notch filter to generating a frequency attenuation band around a frequency $f(\text{chop})$ to reduce introduction of noise into a frequency of a digital input signal.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Cited References

The prior art made of record and not replied upon is considered pertinent to application's disclosure. The cited references relate to digital to analog signal processing system the noise reduction.
